PROFESSIONAL SUMMARY

Final-year Artificial Intelligence and Data Science student with internship experience as an Associate Data Engineer, working with Python, SQL, PySpark, and Palantir. Skilled in performing data transformation, and supporting analytics using Excel and Power BI. Interested in roles that combine data engineering and analytics to deliver scalable and data-driven solutions.

TECHNICAL SKILLS

- Programming & Query Languages : Python, SQL
- Big Data & Data Engineering : PySpark, ETL Pipelines, Data Integration, Data Transformation
- Data Platforms & Tools : Palantir Foundry
- Data Analysis & Visualization : Microsoft Excel (Pivot Tables, VLOOKUP), Power BI
- Databases : MySQL
- AI & Automation Tools: LangChain, API Integration

WORK EXPERIENCE

Associate Data Engineer Intern

DEC 2025 - MAR 2026

L&T Technology Services, Bangalore

- Worked on batch and large-scale data processing using Apache Spark (PySpark) and SQL to handle structured and semi-structured datasets.
- Gained hands-on experience in Palantir Foundry for data integration, transformation, and pipeline development.
- Developed and maintained scalable ETL workflows to clean, transform, and prepare data for analytics and reporting.
- Collaborated with team members to understand business requirements and support data-driven decision making.
- Ensured data quality by performing validation, testing, and optimization of data pipelines.
- Improved data processing efficiency and reduced manual effort by automating key steps in ETL workflows using PySpark and Palantir.

Data Analyst Intern

AUG 2024 - AUG 2024

RND Digital Labs Pvt Ltd, Virudhunagar

- Analyzed business and sales data using Microsoft Excel to identify trends and support decision-making.
- Created interactive dashboards and reports in Power BI to visualize key performance metrics.
- Performed data cleaning and preparation to ensure accuracy and consistency of datasets.
- Automated repetitive reporting tasks using Excel functions such as Pivot Tables and VLOOKUP.
- Delivered insights to support business and marketing decisions.

PROJECTS

- Emotion-Aware Conversational AI System using Fine-Tuned Local LLM
 - AI Chatbot using LangChain and Grok API
 - Sales Dashboard in Power BI
 - Sales Data Analysis using Microsoft Excel
-

EDUCATION

B.Tech (Artificial Intelligence & Data Science)

OCT 2022 - MAY 2026

Gnanamani College Of Technology

CGPA : 

CERTIFICATIONS

- Google Data Analytics Professional Certificate
- Generative AI Applications Certificate

LANGUAGE

- English – Professional Working Proficiency
 - Tamil – Native / Fluent
 - Hindi – Conversational
-
